What is a Be in Health[®] Conference?

A **Be in Health[®]** conference involves progressive teaching to unravel the mysteries of disease as well as to reveal pathways to health and wholeness. Can a disease be spiritually rooted? Have the efforts spent on traditional understanding of health and disease left you with little change and more questions about where God is in everything? Learn how to defeat and prevent disease by using the discernment God has given mankind to produce wholeness of spirit, soul and body. With each class, we build a foundation of knowledge that leads to the next. We **strongly** suggest attending the entire conference.
