

**Welcome from Henry W. Wright
and
the Staff of Be in Health™**

Thank you for joining us for Pleasant Valley Days 2010. This is our 11th year and it is turning out to be the best so far. Pleasant Valley Days is a time of fellowship and a reunion of old friends and new. A time to get together and celebrate what God the Father has done in each of our lives. It is so exciting to see God's kids hanging out and enjoying the creation and freedom He has provided for us. We enjoy hearing the testimonies of what God has done and is continuing to do in His people.

Every year God blesses us with powerful teachings that lead us to a closer and more intimate walk and relationship with Him. This year will be no different. But the catch is, will we allow Him to work in our lives and will we walk in His instructions? He is here to meet us. Will we meet him? The decision is ours alone to make.

Thank you for coming to celebrate with us, with God the Father, God the Word, and the Holy Spirit, in spirit and in truth.
